EDUCATION

2022-2028

EPF CACHAN ENGINEERING SCHOOL – 3rd year student

- **Core Engineering** : Strong foundation in mathematics, physics, and applied sciences (thermodynamics, mechanics, electromagnetism, electronics, etc.) with hands-on lab experience.
- **Hydraulic Cylinder Design Project** – Designed a hydraulic actuator system, performed behavior simulations on AMESim, 3D modeling on CATIA V5, and validation through finite element analysis (FEA) using CATIA V5 / ELFINI.
- **Artisans de Confiance Platform** – VBA/MySQL Management System. Developed a dual-tool system with MySQL database and Excel/VBA dashboard for artisan, order, and stock management. Implemented SQL queries, user-friendly interfaces, and performance tracking (revenue, delays, customer satisfaction).
- **Electronic Waste Recycling Platform** – Java Object-Oriented Programming. Developed a Java-based platform connecting consumers, businesses, and recycling centers. Designed and implemented a graphical user interface (GUI) for user registration, login, profile management, waste deposit, and collection scheduling. Applied object-oriented principles and file-based data persistence.
- **University Course Management Database**- Designed a relational database using Merise methodology (MCD/MLD) to manage students, professors, and courses. Implemented in Access with advanced queries, data relationships, and user-friendly forms for efficient academic administration.

SKILLS

Mastered software

CATIA V5 MATLAB
JMERISE AMESIM SIMCENTER

Computer languages

Python JavaScript
JAVA Arduino
Html VBA
CSS SQL

Behavioral

Teamwork, Adaptability,
Effective communication,
Proactive problem-solving,
Leadership

PROFESSIONAL EXPERIENCES

- **2023-Present** *Les jours heureux I 75012*
Care assistant for people with mental disabilities
- **2022-2025** *RAIMO Ice cream and tea room*
Restaurant and Shop supervisor
- **2020-2023** *Alpha education*
Academic support education

LANGUAGES

- French
- English B2+
- Spanish B1+

ASSOCIATIVE EXPERIENCE

2024-2025

President of the EPF Student Union

- Led a 35-member student council in a school of 2,000 students.
- Managed a budget of €150,000, allocating resources efficiently for events and projects.

2019-2022

Junior Firefighter – Military Fire Service, Paris

- Developed teamwork, discipline, and problem-solving skills under high-pressure situations.
- Participated in training and emergency response exercises as a Junior Firefighter in the Military Fire Service of Paris.
